

TDC Specialty Cyber Risk Services

www.tdcspecialty-CyberRiskServices.com

TDC Specialty helps organizations and professionals reduce their exposure to cybersecurity events with a comprehensive cyber risk management platform. Cyber Risk Services delivers resources and services designed to strengthen policyholders' cybersecurity posture through training, preparedness and incident response.

Employee Training: Keep your organization up-to-date on key cybersecurity and privacy issues with interactive online training courses, awareness posters, and webinars. Our complimentary Training Coordinator will implement training for you by assigning training courses and providing training reports.

Phishing Simulation: Participate in a live phishing exercise to identify which employees are susceptible to phishing attacks and deploy targeted employee training to minimize the risk of a successful attack.

Unlimited Advice: Get free advice from a team of privacy professionals and cybersecurity technical experts to help you address compliance issues and strengthen your cybersecurity posture.

Knowledge Center: Save time with self-service, 24/7, online access to sample data security policies, procedures, and agreements; incident response planning materials; risk assessment tools; vendor management resources; step-by-step compliance guidance; and more.

News & Alerts: Receive the latest cybersecurity news, threat alerts, and educational events in your inbox.
